LIVING CLEAN, AN EVENING WITH LYNDA DYER

How to 'Kick Start Your Immune System' for 2017, Detoxification and Nutrition, What You Can Do

Always keeping her finger on the pulse. Each of Lynda's talks have new and exciting information. Her words inspire people to take effective control of their lives.

In hearing her journey, you might recognise some similarities to challenges you're currently facing. Let Lynda's teachings show you how you can move forward to a healthier more informed lifestyle, living clean in mind and body.

You do not want to miss this information.

"My book, *Heal Your Immune System* is absolutely designed with **you** in mind as so many people have something going on with their immune system. From allergies to sinus, dry eyes to diseases, skin rashes to breathing problems, and everything in between is linked to the way your immune system is functioning. This book is laid out in the way people learn." **Lynda Dyer**
